Presents recommendations for one hundred stocks which have a history of beating the stock market average and have positive investment potential based on a variety of investment criteria.

Economics, demystified! From the collapse of housing prices to the thousand-point drops in the stock market, the past five years have been full of economic crises. These changes not only affect the overall market--they can also drastically influence your personal finances and day-to-day life. In this easy-to-understand guide, Peter Sander explains how the financial system works, as well as the most important concepts, terms, and programs in economics. Using simple language, he details how the evolving climate will affect world economies--and what kind of shifts you are going to see in your finances as a result. In this updated edition, Sander also includes valuable information on: The housing market and what it may do in the future The impact of Obamacare on the economy The scope of the Great Recession and how the U.S. is still struggling to recover How to take advantage of the economy as it begins to rise again An essential guide, *101 Things Everyone Should Know about Economics, 2nd Edition* helps you fully understand today's economy and shows you how to secure your financial future even as the market changes.

Want to follow in Warren Buffett's investing footprints? *Value Investing For Dummies, 2nd Edition*, explains what value investing is and how to incorporate it into your overall investment strategy. It presents a simple, straightforward way to apply proven investment principles, spot good deals, and produce extraordinary returns. This plain-English guide reveals the secrets of how to value stocks, decide when the price is right, and make your move. You'll find out why a good deal is a good deal, no matter what the bulls and bears say, get tips in investing during jittery times, and understand how to detect hidden agendas in financial reports. And, you'll uncover the keys to identifying the truly good businesses with enduring and growing value that continually outperform both their competition and the market as a whole. Discover how to: Understand financial investments View markets like a value investor Assess a company's value Make use of value investing resources Incorporate fundamentals and intangibles Make the most of funds, REITs, and ETFs Develop your own investing style Figure out what

a financial statement is really telling you Decipher earnings and cash-flow statements Detect irrational exuberance in company publications Make a value judgment and decide when to buy Complete with helpful lists of the telltale signs of value and “unvalue,” as well as the habits of highly successful value investors, Value Investing For Dummies, 2nd Edition, could be the smartest investment you’ll ever make!
