The Honda TRX250R was a sport ATV manufactured by Honda between 1986 and 1989. It combined a lightweight frame and good handling, with a liquid-cooled two-stroke engine and six-speed close-ratio transmission. Although only being manufactured for four years, the "250R", as it was known, was long a primary choice for ATV racers until the resurgence of factory involvement and usage of four-stroke engines in sport ATV's beginning in 2003 and 2004.

~~Brand New || 1989 Honda TRX250R I haven't featured a quad in about two years, but here's something you won't see every day - a 26 year old Honda that's been started once. Called the ATV of the Century by 4-Wheel ATV Action, this was a very popular quad in the late 80s. Not much to say about this example -!~~
