Applied anthropology is the application of the methods and theory of anthropology to the analysis and solution of practical problems. In Applied Anthropology: Domains of Application, Kedias and Van Willigen define the process as a "complex of related, research-based, instrumental methods which produce change or stability in specific cultural systems through the provision of data, initiation of ...

~~Applied anthropology - Wikipedia~~

Anthropology - Anthropology - Applied anthropology: Applied anthropology is the aspect of anthropology that serves practical community or organizational needs. In Europe this subfield started in the 19th and early 20th centuries, when ethnographic information was collected and used by colonial Belgian, French, British, Dutch, and Russian administrators.
