STRATEGY: Winning in the Marketplace is the newest offering from proven authors Thompson, Gamble, and Strickland. As in previous works, the authors' mainstream presentation includes the most recent research in strategy presented in a way that students can understand and apply to business cases and problems. With fewer chapters and pages and shorter cases than previous texts by these authors, this new first edition offers a more concise, lively, and user-friendly presentation of strategic management. Fundamental strengths of Thompson/Gamble/Strickland text treatments are very much evident in this first edition—a compelling presentation of Porter's Five-Forces model and globally competitive markets and

first-rate coverage of strategy execution and the drive for operating excellence. Another hallmark of this new product is the package of Thompson/Gamble/Strickland cases and related teaching notes. Over the years, this author team has developed a great network of case authors and is able to select from the cream of the crop. Having written scores of cases themselves and having a combined experience of 70 years teaching this particular course, they are very skilled in selecting the types of cases that will spark student interest and generate lively classroom discussions. Many of the cases reflect high profile industries, companies, products, and people that students will have heard of, know about from personal experience, or can easily identify with. The new case line-up features an exciting collection of the latest and best cases flush with valuable teaching points and lessons for students.

Now readers can master the core concepts in marketing management that undergraduate marketing majors, first-year MBA or EMBA student or advanced learners need with the detailed material in Iacobucci's *MARKETING MANAGEMENT, 5E*. Readers are able to immediately apply the key concepts they have learned to cases, group work, or marketing-driven simulations. *MARKETING MANAGEMENT, 5E* reflects all aspects of the dynamic environment facing today's marketers. Engaging explanations, timely cases and memorable examples help readers understand how an increasingly competitive global marketplace and current changes in technology impact the marketing decisions that today's managers must make every day. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

*Crafting & Executing Strategy 22e* has a long-standing reputation of being the most teachable text. Its engaging clearly articulated and conceptually balanced mainstream treatment of the latest developments in theory and practice include the clearest presentation of the value-price-cost framework. Our co-author Margaret Peteraf a highly regarded researcher helped integrate both the resource-based view of the firm from the perspective of both single-business and multi-business strategies -- Publisher's webpage.

*Crafting and Executing Strategy: The Quest for Competitive Advantage, 20e* by Thompson, Peteraf, Gamble, and Strickland maintains its solid foundation as well as brings an enlivened, enriched presentation of the material for the 20th edition. The exciting new edition provides an up-to-date and engrossing
