It has been twenty-six years since the publication of CATHEDRAL. David Macaulay's first book, CATHEDRAL, introduced readers around the world to his unique gift for presenting architecture and technology in simple terms, and for demystifying even the most complex of concepts. CATHEDRAL received a Caldecott Honor Medal and is now considered a classic. BUILDING THE BOOK CATHEDRAL includes the content of CATHEDRAL in its entirety. Here Macaulay traces the evolution of his creative process in "building" that first book, from the initial concept to the finished drawings. He introduces the basic elements of structure and sequence and explains why one angle of a drawing may be better for conveying an idea than another. He describes how perspective, scale, and contrast can be used to connect a reader with concepts, and how placement of a picture on a page can make a difference in the way information is communicated. Building the Book Cathedral provides an opportunity to examine Macaulay's unique problem-solving skills as he looks back over two and a half decades at the book that launched his distinguished career.

From the bishop to his treasurer to local merchants and lowly stonecutters, everyone, even the town ' s Jewish denizens, is implicated and affected by the slow rise of Hagenburg ' s Cathedral, which in no way enforces morality or charity. Around this narrative core, Ben Hopkins has constructed his own monumental edifice, a choral novel that is rich with the vicissitudes of mercantilism, politics, religion, and human enterprise. Ambitious, immersive, a remarkable feat of imagination, Cathedral deftly combines historical fiction, the literary novel of ideas, and a tale of adventure and intrigue. Fans of authors like Umberto Eco, Elif Shafak, Hilary Mantel, Ken Follett and Jose Saramago will delight at the atmosphere, the beautiful prose, and the vivid characters of Ben Hopkins ' s Cathedral.

These twelve stories mark a turning point in Carver ' s work and “ overflow with the danger, excitement, mystery and possibility of life. . . . Carver is a writer of astonishing compassion and honesty. . . . his eye set only on describing and revealing the world as he sees it. From the bestselling author of Meetings With Remarkable Manuscripts, a captivating account of the last surviving relic of Thomas Becket The assassination of Thomas Becket in Canterbury Cathedral on 29 December 1170 is one of the most famous events in European history. It inspired the largest pilgrim site in medieval Europe and many works of literature from Chaucer's Canterbury Tales to T. S. Eliot's Murder in the Cathedral and Anouilh's Becket. In a brilliant piece of historical detective work, Christopher de Hamel here identifies the only surviving relic from Becket's shrine: the Anglo-Saxon Psalter which he cherished throughout his time as Archbishop of Canterbury, and which he may even have been holding when he was murdered. Beautifully illustrated and published to coincide with the 850th anniversary of the death of Thomas Becket, this is an exciting rediscovery of one of the most evocative artefacts of medieval England.

Haunting and transcendently twisted, this English-language debut from a Cuban literary star is a tale of race, magic, belief, and fate The Stuart family moves to a marginal neighborhood of Cienfuegos, a city on the southern coast of Cuba. Arturo Stuart, a charismatic, visionary preacher, discovers soon after arriving that God has given him a mission: to build a temple that surpasses any before seen in Cuba, and to make of Cienfuegos a new Jerusalem. In a neighborhood that roils with passions and conflicts, at the foot of a cathedral that rises higher day by day, there grows a generation marked by violence, cruelty, and extreme selfishness. This generation will carry these traits beyond the borders of the neighborhood, the city, and the country, unable to escape the shadow of the unfinished cathedral. Told by a chorus of narrators—including gossips, gangsters, a ghost, and a serial killer—who flirt, lie, argue, and finish one another ' s stories, Marcial Gala's The Black Cathedral is a darkly comic indictment of modern Cuba, gritty and realistic but laced with magic. It is a portrait of what remains when dreams of utopia have withered away.

In the spirit of The Little Prince, The Girl and the Cathedral is a moving story about life, freedom, love, loss, and the glory of new beginnings. It is a story about Notre Dame, but much deeper, it is a story about all that Notre Dame stands for.
