As described in Chinese Cinderella, Yen Mah's stepmother despised her stepchildren and was vicious in her mistreatment of them, creating an abusive and fearful home environment. Yen Mah spent much of her childhood in and out of boarding schools, often being moved around due to the Japanese occupation of China and Mao Zedong's march of Communism across the country, which caused many civilians to flee their homes.

During her lonely childhood in Shanghai, Adeline Yen Mah wrote adventure stories to escape from her terrible step-mother and cruel siblings. The characters she created often became more real to her than her own family. In Chinese Cinderella and the Secret Dragon Society, Adeline tells the story of Chinese Cinderella, a young girl who, after being thrown out of her home, has no choice but to go out and seek her own destiny. Soon she meets up with a group of children, all orphaned but each from a different background, who live with an old lady called Grandma Wu. Chinese Cinderella, or CC for short, decides her future after consulting an ancient book which helps to show her the way forward. And her choice takes her on a mission to save the lives of others. Based on a true-life incident during World War II. CC and the others bravely rescue a group of American pilots whose plane crashed after a bombing raid on Japan. Although her father is looking for her, CC knows that she can never go back to live with her cruel stepmother, and now there is no turning back.

Back Cover: "The account of Dr. Chung and his family will inspire you to believe in second chances and miracles and the God who gives them both." -Max Lucado, New York Times best-selling author My name is Vinh Chung. This is a story that spans two continents, ten decades, and eleven thousand miles. When I was three and a half years old, my family was forced to flee Vietnam in June 1979, a place we had never heard of somewhere in the heartland of America. Several weeks later my family lay half-dead from dehydration in a derelict fishing boat jammed with ninety-three refugees lost in the middle of the South China Sea. We arrived in the United States with nothing but the clothes on our backs and unable to speak a single word of English. Today my family holds twenty-one university degrees. How we got from there to here is quite a story. Where the Wind Leads is the remarkable account of Vinh Chung and his refugee family's daring escape from communist oppression for the chance of a better life in America. It's a story of personal sacrifice, redemption, endurance against almost insurmountable odds, and what it truly means to be American. All author royalties from the sale of this book will go to benefit World Vision. Flap Copy: Vinh Chung was born in South Vietnam, just eight months after it fell to the communists in 1975. His family was wealthy, controlling a rice-milling empire worth millions; but within months of the communist takeover, the Chungs lost everything and were reduced to abject poverty. Knowing that their children would have no future under the new government, the Chungs decided to flee the country. In 1979, they joined the legendary "boat people" and sailed into the South China Sea, despite knowing that an estimated two hundred thousand of their countrymen had already perished at the hands of brutal pirates and violent seas. Where the Wind Leads follows Vinh Chung and his family on their desperate journey from pre-war Vietnam, through pirate attacks on a lawless sea, to a miraculous rescue and a new home in the unlikely town of Fort Smith, Arkansas. There Vinh struggled against poverty, discrimination, and a bewildering language barrier—yet still managed to graduate from Harvard Medical School. Where the Wind Leads is Vinh's tribute to the courage and sacrifice of his parents, a testimony to his family's faith, and a reminder to people everywhere that the American dream, while still possible, carries with it a greater responsibility.

CC suffers a bad fall and, in order to treat her injuries, she undergoes hypnotherapy that reveals her connection to an eleventh-century girl named Mei Lan, who defied convention to befriend a household servant who was a brilliant artist.

Following a fall in the Shanghai market, Chinese Cinderella is whisked away to Grandma Wu's house to recover. As she lapses in and out of consciousness, she is haunted by vivid dreams that seem strange – yet somehow familiar – to her. A tale of slavery and friendship, wealth, poverty and an arranged marriage begins, as Chinese Cinderella recalls a life lived centuries before. But is it real, or all in her imagination . . .
