desire for freedom and balance. They started with almost nothing and achieved their dreams through network marketing - and now they share their success secrets in their book. Whether you define success as becoming your own boss full-time, taking an extended parental leave without worrying about how to pay the bills, or saving money for your children, you can follow these rules to make a positive change in your life and learn to:

- make room for change in your life by banishing doubt and anxiety.
- create a vision for your personal brand of freedom outside the corporate grind of the status quo.
- research and prepare before you go into business with yourself or another company
- talk about money without shame - the money you have and the money you want
- wave 'goodbye' to your inner perfectionist
- have a commitment strategy, not an exit strategy
- always remember that money can't buy happiness!
