Prepares students for the challenge of college lectures with practice in a wide range of listening, speaking, and note-taking skills and strategies.

Now in a fourth edition, Contemporary Topics expands on its highly respected approach to developing academic listening and study skills. Organized around realistic college lectures, the text guides learners through carefully sequenced activities in skills such as note-taking, focusing attention, intensive listening, and vocabulary building. It also helps students evaluate their interests and explore possible career paths. New to This Edition New subject areas, presented as one-on-one academic lectures, emphasize professional applications such as software engineering, multimedia design, information technology, urban planning, and social psychology. Learning Outcomes listed at the outset of each unit let students know the goals of each unit and what their learning experience will be. New audio interviews with topic experts provide context for the upcoming unit lecture. Bottom-up listening and pronunciation exercises emphasize important principles and improve real-time perception. An oral presentation activity, supported by specific preparation and delivery strategies, concludes

each unit and includes the opportunity for peer evaluation. Proficiency assessments composed of short academic audio lectures and multiple-choice exams simulate TOEFL-style test format for practice on high-stakes tests. New Essential Online Resources include audio, video, and teacher materials (assessments, teaching notes, answer keys, audioscripts, presentation points, and more). Other Highlights Corpus vocabulary drawn from the Academic Word List ensures that students are exposed to core academic vocabulary. Collaborative activities with presentation strategies and peer evaluations allow students to make connections and develop critical thinking skills. Unit comprehension tests assess students' grasp of key concepts presented in the unit lecture. Mapped to the Global Scale of English.

This outstanding three-title series prepares college-bound ESL students to understand academic lectures in English. Each text equips students for the challenges of college and university study by helping them listen selectively, take notes, review key ideas, retain information, and apply what they have learned. Twelve recorded lectures in each level are performed in lively and natural styles to provide a motivating introduction to academic listening. Lectures cover a wide range of thought-provoking contemporary topics. Controlled, realistic note-taking practice, ample pre-listening activities, vocabulary preview, post-lecture tests, and a wealth of illustrations also aid student understanding. Audiocassettes offer full lectures, presented both divided into parts and in their entirety. Each book offers the following features: -- Topic preview -- Vocabulary preview -- Identifying main ideas and supporting details -- Note-taking skills -- Review and post-listening tests -- Application of ideas through post-listening activities
