Lori Wick's bestselling series The Kensington Chronicles (more than 375,000 copies sold) has a fresh, new look sure to please her longtime fans and draw a new generation of readers. Set in the 1800s, this series captures the adventure, wealth, and romance of the British empire. When the king commands Bracken to marry, high-spirited Megan is chosen to fulfill the edict. Unskilled in the ways of love, Bracken finds Megan captivating, yet cannot seem to voice his feelings until he almost loses her forever.

Little Dove witnesses the life and death of Jesus, who she knows is God's son.

The Dove... She'd been bought for a strip of land, then abandoned: a bartered bride, married by proxy, determined to wreak revenge. As innocent Sara Bishop she'd paid dearly for freedom from her cruel, mocking family. As flame-haired, jade-eyed Sabre Wilde, she would scandalize Queen Elizabeth's court as she set out to seduce her unknown husband, become his mistress--and make him her slave. The Hawk... The Queen's favorite, called The Sea God, his white teeth flashed in his bronze face as his deep, virile voice boomed orders to his men. He branded Sabre with his searing kiss and his masterful touch, not even aware she was already his wife. Captain Shane Hawkhurst knew how to command, how to subdue and ravage an enemy, but was he prepared to be caught in passion's merciless snare by a fiery beauty who ruled his heart and inflamed his senses?

14th century Yorkshire: the time of Chaucer. Father Peregrine is appointed Abbot of St Alcuin's Benedictine abbey. An arrogant, impatient man, a hawk trying hard to be a dove - his name in religion is "Columba" - he is respected, but not loved. A sudden, shocking act of violence changes everything. As the story unfolds, this community of monks, serious about their calling but as flawed and human as we are, come to love their ascetic but now vulnerable leader. They lived six centuries ago, yet their struggles are our own. Finding our niche, coping with failure, living with impossible people, and discovering that we are the impossible ones.

Nicely published (apparently with subsidy) by the Wildlife Management Institute, Washington, D.C. Comprehensively deals with the most numerous, widespread, and heavily hunted of North American gamebirds. Among the topics covered in 29 contributions: classification and distributions, migration, nesting, reproductive strategy, growth and maturation, feeding habits, diseases, survey procedures, population trends, care of captive mourning doves, and hunting. The final chapter identifies research and management needs. Annotation copyright by Book News, Inc., Portland, OR

Historical Fiction Series From a Fascinating Era Caught in the sweeping changes connected with the European Reformation and Renaissance, sixteenth-century Holland under the reluctant leadership of William of Orange rebelled against the strong control of Spain's King Philip. The war that ensued to squelch the rebellion and exterminate religious heresy at any cost sets the background for Ethel Herr's compelling series, THE SEEKERS. In The Dove and the Rose, two young people are wrenched apart by the struggles of their parents. Pieter-Lucas is banished from his home for refusing to abide by his father's commitment to the Beggars, an extreme wing of Calvinism. Aletta Engelshofen is not allowed by her father to see Pieter for fear of any association with the Beggars. While they meet in secret, Aletta promises her love to Pieter and that she will wait for him until the trouble passes. Swirling tides of emerging religious, political, cultural, and personal independence clash in this excellent first book in THE SEEKERS.

Bound as one, to love, honor, or burn. Book one of a stunning fantasy duology, this tale of witchcraft and forbidden love is perfect for fans of Sarah J. Maas. Two years ago, Louise le Blanc fled her coven and took shelter in the city of Cesarine, forsaking all magic and living off whatever she could steal. There, witches like Lou are hunted. They are feared. And they are burned. As a huntsman of the Church, Reid Diggory has lived his life by one principle: Thou shalt not suffer a witch to live. But when Lou pulls a wicked stunt, the two are forced into an impossible situation--marriage. Lou, unable to ignore her growing feelings, yet powerless to change what she is, must make a choice. And love makes fools of us all. Set in a world of powerful women, dark magic, and off-the-charts romance, this steamy debut novel will leave readers burning for more.

Osnat was born five hundred years ago – at a time when almost everyone believed in miracles. But very few believed that girls should learn to read. Yet Osnat's father was a great scholar whose house was filled with books. And she convinced him to teach her. Then she in turn grew up to teach others, becoming a wise scholar in her own right, the world's first female rabbi! Some say Osnat performed miracles – like healing a dove who had been shot by a hunter! Or saving a congregation from fire! But perhaps her greatest feat was to be a light of inspiration for other girls and boys; to show that any person who can learn might find a path that none have walked before.

A hawk turns into a dove, and peace falls over the world. The hawk is sad. He is tired of war. So, he changes his face and puts on gloves. Whoosh! He has become a gentle dove. And all around him, the world is at peace. War planes turn into butterflies. SoldiersÕ guns sprout dazzling flowers. Everyone is joyful as a blanket of calm envelops the world. But, though happy now, the dove still worries. Will it last? In a time of uncertainty, a powerful story that dares to imagine peace overcoming war.
