Brief yet also comprehensive, *Think with Socrates: An Introduction to Critical Thinking* uses the methods, ideas, and life of Socrates as a model for critical thinking. It offers a more philosophical, historical, and accessible introduction than longer textbooks while still addressing all of the key topics in logic and argumentation. Applying critical thinking to the Internet, mass media, advertising, personal experience, expert authority, the evaluation of sources, writing argumentative

essays, and forming a worldview, *Think with Socrates* resonates with today's students and teaches them how to apply their skills to the real world. At the same time, it also covers the ancient intellectual roots and history of the field, placing critical thinking in its larger context to help students appreciate its perennial value. Author Paul Herrick incorporates original sources from newspapers, a variety of media, and philosophical writing, along with engaging "interludes" featuring selections from Plato's dialogues. A Companion Website at www.oup.com/us/herrick offers resources for students and instructors.
