theory, and a diverse range of perspectives on specific topics give students the tools needed to address ethical situations in business and challenge them to think for themselves.

Ethical Theory and Business 9th Edition, Kindle Edition
Business ethics theories include the moral principles or codes a company implements to ensure that all individuals working in the company act with acceptable behavior. Business owners and managers can use an ethics theory they deem most appropriate for use in their operations. A few different business ethics theories exist, such as the utilitarian, rights, justice, common good and virtue approach.
