Publishers Weekly \u201c Top 10 Book of the Year " selection " Begins as entertaining slapstick, subtly metamorphoses into fable. . . . As [the narrator \u2019s] vivid imaginary world fuses with reality this deceptively ethereal novel advances toward a dark and startling finale. " \u2013Wall Street Journal Laid off from his job, Dami \u00e1 n Lobo obsessively imagines himself as a celebrity being interviewed on TV. After committing an act of petty theft at an antiques market, he finds himself trapped inside a wardrobe and delivered to the seemingly idyllic home of a husband, wife, and their internet-addicted teenage daughter. There, he sneaks from the shadows to serve as an invisible butler, becoming deeply and disastrously involved with his unknowing host family. Every thread of the plot is ingeniously tied together, creating a potent admixture of parable, love story, and thriller. Mill \u00e1 s masterfully reveals the everyday as innately surreal as he renders the unbelievable tangible and the trivial fantastical, and full of dark humor. Juan Jos \u00e9 Mill \u00e1 s is the recipient of Spain \u2019s most prestigious literary prizes: the Premio Nadal, Premio Planeta, and Premio Nacional de Narrativa. A regular contributor to El Pa \u00eds, Mill \u00e1 s has also won many awards for his journalism. He is the author of several short story collections and works of nonfiction as well as over a dozen novels, including From the Shadows, the first of his novels to be published in North America. He lives in Madrid.

A moving exploration of how gay men construct their identities, fight to be themselves, and live authentically It goes without saying that even today, it \u2019s not easy to be gay in America. While young gay men often come out more readily, even those from the most progressive of backgrounds still struggle with the legacy of early-life stigma and a deficit of self-acceptance, which can fuel doubt, regret, and, at worst, self-loathing. And this is to say nothing of the ongoing trauma wrought by AIDS, which is all too often relegated to history. Drawing on his work as a clinical psychologist during and in the aftermath of the epidemic, Walt Odets reflects on what it means to survive and figure out a way to live in a new, uncompromising future, both for the men who endured the upheaval of those years and for the younger men who have come of age since then, at a time when an HIV epidemic is still ravaging the gay community, especially among the most marginalized. Through moving stories\u2014of friends and patients, and his own\u2014Odets considers how experiences early in life launch men on trajectories aimed at futures that are not authentically theirs. He writes to help reconstruct how we think about gay life by considering everything from the misleading idea of " the homosexual, " to the diversity and richness of gay relationships, to the historical role of stigma and shame and the significance of youth and of aging. Crawling out from under the trauma of destructive early-life experience and the two epidemics, and into a century of shifting social values, provides an opportunity to explore possibilities rather than live with limitations imposed by others. Though it is drawn from decades of private practice, activism, and life in the gay community, Odets \u2019s work achieves remarkable universality. At its core, Out of the Shadows is driven by his belief that it is time that we act based on who we are and not who others are or who they would want us to be. We\u2014particularly the young\u2014must construct our own paths through life. Out of the Shadows is a necessary, impassioned argument for how and why we must all take hold of our futures.

To Casey Crenshaw, though, her late grandmother \u2019s property is a white elephant to be sold as quickly as possible. The place has been boarded up for years, and locals have murmured about ghost sightings ever since a young woman was murdered there. But it \u2019s not the imaginary ghosts that worry Casey\u2014it \u2019s the flesh-and-blood man who \u2019s throwing a wrench into all her plans.
