"Bancroft Prize-winning historian and legal expert Michael Klarman here offers an illuminating and engaging account of modern litigation over same-sex marriage. After looking at the treatment of gays in the decades after World War II and the birth of the modern gay rights movement with the Stonewall Rebellion in 1969, Klarman describes the key legal cases involving gay marriage and the dramatic political backlashes they ignited. He examines the Hawaii Supreme Court's ruling in 1993, which sparked a vast political backlash--with more than 35 states and Congress enacting defense-of-marriage acts--and the Massachusetts decision in Goodridge in 2003, which inspired more than 25 states to adopt constitutional bans on same-sex marriage. Klarman traces this same

# Get Free From The Closet To The Altar Courts

pattern--court victory followed by dramatic backlash--through cases in Vermont, California, and Iowa, taking the story right up to the present. He also describes some of the collateral political damage caused by court decisions in favor of gay marriage--Iowa judges losing their jobs, Senator Majority Leader Tom Daschle losing his seat, and the possibly dispositive impact of gay marriage on the 2004 presidential election. But Klarman also notes several ways in which litigation has accelerated the coming of same-sex marriage: forcing people to discuss the issue, raising the hopes and expectations of gay activists, and making other reforms like civil unions seem more moderate by comparison. In the end, Klarman discusses how gay marriage is likely to evolve in the

# Get Free From The Closet To The Altar Courts

future, predicts how the U.S. Supreme Court might ultimately resolve the issue, and assesses the costs and benefits of activists' pursuing social reforms such as gay marriage through the courts"--

Provides suggestions for closets, shelves, cabinets, and other means of home storage that are both attractive and make the maximum use of limited space

The author describes five lawsuits that have helped change the way lesbian, gay, bisexual, and transsexual (LGBT) people are treated in the United States. The cases are *Braschi v. Stahl Associates*, in which an appellate court recognize that two men can constitute a family; *Nabozny v. Podlesny* (1996), in which a Wisconsin jury recognized

## Get Free From The Closet To The Altar Courts

that a bullied gay teenager had had his constitutional rights violated by school officials who looked the other way; Rome v. Evans, in which the U.S. Supreme Court held that it is unconstitutional to deny LGBT people the opportunity to seek antidiscrimination protection under the law; Baehr v. Lewin (1993), in which the Hawaii Supreme Court questioned the constitutionality of denying same-sex couples the right to marry; and Lawrence v. Texas (2003), in which the U.S. Supreme Court held that the government cannot criminalize private and consensual gay sex. For each case, he offers a description of the facts involved, a discussion of the legal issues involved and how they were dealt with in the litigation, and an analysis of the legal and social impact of the case.

# Get Free From The Closet To The Altar Courts Backlash And The Struggle

In the 1960s the Gateways Club was known as 'the' lesbian club in London. In her portrait of the club, Gardiner also gives us a social history of lesbian lives, loves and mores, from a cloistered secret in the 1950s and 1960s, to a battleground between feminists and traditionalists in the 1970s.

A literary and cultural history of the intimate space of the eighteenth-century closet—and how it fired the imaginations of Pepys, Sterne, Swift, and so many other writers Long before it was a hidden storage space or a metaphor for queer and trans shame, the closet was one of the most charged settings in English architecture. This private room provided seclusion for reading, writing,

# Get Free From The Closet To The Altar Courts

praying, dressing, and collecting—and for talking in select company. In their closets, kings and duchesses shared secrets with favorites, midwives and apothecaries dispensed remedies, and newly wealthy men and women expanded their social networks. In *The Closet*, Danielle Bobker presents a literary and cultural history of these sites of extrafamilial intimacy, revealing how, as they proliferated both in buildings and in books, closets also became powerful symbols of the unstable virtual intimacy of the first mass-medium of print. Focused on the connections between status-conscious—and often awkward—interpersonal dynamics and an increasingly inclusive social and media landscape, *The Closet* examines dozens of historical and fictional encounters taking place in the

# Get Free From The Closet To The Altar Courts

various iterations of this room: courtly closets, bathing closets, prayer closets, privies, and the "moving closet" of the coach, among many others. In the process, the book conjures the intimate lives of well-known figures such as Samuel Pepys and Laurence Sterne, as well as less familiar ones such as Miss Hobart, a maid of honor at the Restoration court, and Lady Anne Acheson, Swift's patroness. Turning finally to queer theory, *The Closet* discovers uncanny echoes of the eighteenth-century language of the closet in twenty-first-century coming-out narratives. Featuring more than thirty illustrations, *The Closet* offers a richly detailed and compelling account of an eighteenth-century setting and symbol of intimacy that continues to resonate today.

# Get Free From The Closet To The Altar Courts

The advancement of LGBT rights has come about through struggles large and small—on the streets, around kitchen tables, and on the Web.

Lawsuits have also played a vital role in propelling the movement forward—and behind every lawsuit is a human story. A landlord in New York seeks to evict a gay man from his home after his partner of ten years dies of AIDS; school officials in Wisconsin look the other way as a gay teenager is repeatedly and viciously harassed by other students; a lesbian couple shows up at a clerk's office in Hawaii seeking a marriage license. In *From the Closet to the Courtroom*, law professor Carlos Ball follows the stories behind these crucial lawsuits. Beginning each case narrative at the center, with the litigants, Ball broadens the framework to include society at

## Get Free From The Closet To The Altar Courts

large, before stepping back to deftly weave in the lawyers' stories and their arguments. A richly layered and multifaceted account, Ball vividly and accessibly documents how these judicial victories have significantly altered LGBT lives today in ways that were unimaginable only a generation ago.

Toys in the Closet, is a historical fiction set in the sensuous singing sands of the Indiana dunes on the southern shores of Lake Michigan. This is the journey of Nathan Franklin whose family participated in the most vicious confrontation between environmentalists and industrialist over the Hoosier coast. Nathan, a Jewish writer is out-of-season visiting his beach home, on Christmas Day '97 and exploring the story book rooms of

## Get Free From The Closet To The Altar Courts

Brighton House, a repository of so many works of art by artists who have painted the dunes and a treasury of family heirlooms each with vignettes of a landed past. Nathan though lonesome on Christmas in the aftermath of a winter blizzard realizes he isn't alone at all surrounded by his treasures and a very protecting lost lover. A story full of Hoosier pride, social justice, as viewed through the eyes of an accomplished Jewish contemporary at the end of his family's American Dream.

This business and marketing book is for women looking to start or grow their own business. It will show you how to make money and make a difference doing what you love. Are you a woman who dreams of starting her own business but don't know

# Get Free From The Closet To The Altar Courts

where to begin? Do you have a business that isn't performing as well as you'd like? Do you know you need to do more marketing but not sure what to do first? In this book, international entrepreneur Marnie LeFevre details how she went from working for Richard Branson to growing her own marketing/ branding business from her closet into a successful agency. Then after catching the business building bug Marnie went on to start, build and grow businesses, in different industries, all over the world. In her debut book Marnie details how she did this and shares practical mindset, planning and marketing advice for women starting or growing a business that want to make the money they know they deserve. There's plenty of business books out there but few intimately address what

## Get Free From The Closet To The Altar Courts

It takes to be a woman trying to grow a business whilst juggling family commitments, judgement from society, family/ friends and other challenges only women face in business. Marnie suggests that it is mostly self-judgement women suffer from trying to feel good enough because they haven't accepted themselves for the beautiful women they truly are.

Marnie's down to earth mentoring will take you on a learning journey that shows you that because you are a woman you can do anything after setting your mind to it, believe you can, ask for help when it's needed and never give up. You'll learn how to package and position your business for entrepreneurial success through online and offline marketing strategies but most importantly this book acts as a guide for any woman looking for

The New York Times Bestseller '[An] earth-shaking exposé of clerical corruption' - National Catholic Reporter In the Closet of the Vatican exposes the rot at the heart of the Vatican and the Roman Catholic Church today. This brilliant piece of investigative writing is based on four years' authoritative research, including extensive interviews with those in power. The celibacy of priests, the condemnation of the use of contraceptives, the cover up of

## Get Free From The Closet To The Altar Courts

Countless cases of sexual abuse, the resignation of Benedict XVI, misogyny among the clergy, the dramatic fall in Europe of the number of vocations to the priesthood, the plotting against Pope Francis – all these issues are clouded in mystery and secrecy. In the Closet of the Vatican is a book that reveals these secrets and penetrates this enigma. It derives from a system founded on a clerical culture of secrecy which starts in junior seminaries and continues right up to the Vatican itself. It is based on the double lives of priests and on extreme homophobia. The resulting schizophrenia in the Church is hard to fathom. But the more a prelate is homophobic, the more likely it is that he is himself gay. 'Behind rigidity there is always something hidden, in many cases a double life'. These are the

## Get Free From The Closet To The Altar Courts

words of Pope Francis himself and with them the Pope has unlocked the Closet. No one can claim to really understand the Catholic Church today until they have read this book. It reveals a truth that is extraordinary and disturbing.

The all-embracing, "whaddya got?" nature of rebellion in Fifties America included pop music's unlikely challenge to entrenched notions of masculinity. Within that upheaval, four prominent artists dared to behave in ways that let the public assume—but not see—their queerness. That these artists cultivated ambiguous sexual personas often reflected an understandable fear, but also a struggle to fulfill personal and professional expectations. Vincent L. Stephens confronts notions of the

# Get Free From The Closet To The Altar Courts

closet—both coming out and staying in—by analyzing the careers of Liberace, Johnny Mathis, Johnnie Ray, and Little Richard. Appealing to audiences hungry for novelty and exoticism, the four pop icons used performance and queering techniques that ran the gamut. Liberace's flamboyance shared a spectrum with Mathis's intimate sensitivity while Ray's overwrought displays as "Mr. Emotion" seemed worlds apart from Little Richard's raise-the-roof joyousness. As Stephens shows, the quartet not only thrived in an era of gray flannel manhood, they pioneered the ways generations of later musicians would consciously adopt sexual mystery as an appealing and proven route to success.
