### 5 Day Memory Mastery: Learn To Memorize Anything With Ease ...

Our brains like to remember things that are memorable. Numbers, dates, and vocabulary words aren't usually too memorable in and of themselves. So the key to making anything easier to remember is simply to make it memorable. Duh, right? Most people would have trouble remembering the number 3594. It's nothing special in and of itself.

### How to memorize anything | Master of Memory: Accelerated ...

One of the best ways to memorize words and characters is by using flashcards. Start with between five and ten characters, and test your memory by displaying them in a random order using real flashcards or a smartphone app. Do you want to improve your memory to learn a new language?
