Hydroponic Nutrient Solution - The Essential Guide | Trees.com

The term hydroponics derives from the Greek words for water (hydro) and work (ponos) - "working with water". In a hydroponic system plant roots do not grow in soil, but in nutrient-enriched water. Compared to the

# Read Free Hydroponics The Essential Hydroponics

cultivation in soil, the plants get everything they need to grow through the nutrient solution, delivered directly to the roots.

### Hydroponic: Hydroponics Guide

Hydroponics is a Greek term, made from two words - Hydro means water and Ponos means labor. And hence "working water" is its raw meaning. To put simply, Hydroponics is the method of growing plants without soils. Plants are grown in a soilless medium (we'll know about it below) and come into contact with the nutrients in the water for their growth.
