Philip Kent,
manager of GCP
Infrastructure

Investments, said:

“As infrastructure development is closely tied to government policy that promotes such development (and often relies on the existence of specific

Access Free Infrastructure

government support), political risks are inherent in an infrastructure investment.

Political risks span macro risks associated with being exposed to a specific geography and the legislation governing that location, such as corporation tax

This is a revision
presentation
covering examples
of barriers to
economic growth
and development

Access Free Infrastructure

in emerging and developing countries. In their revision students should consider factors such as:

- Poor infrastructure.
- Human capital inadequacies.
- Primary product dependency.
- Declining terms of trade.

Access Free Infrastructure

Foreign direct investment has an element of risk.

Countries with an uncertain political situation, will be a major disincentive.

Also, economic crisis can discourage investment. For example, the recent Russian economic crisis,

Access Free
Infrastructure
Investments
Politics Barriers
Economic
Corruption

combined with economic sanctions, will be a major factor to discourage foreign investment.

Factors that affect foreign direct investment (FDI

...

Affordability for users of

Access Free Infrastructure

Infrastructure services is a growing concern. The tax base will continue to be stretched, so we now need a mature debate about the use of road pricing and “user pays” tools across all of our infrastructure services. Equally we must encourage
