La cenerentola, o sia, La bonta in trionfo : drama giocoso per musica in due atti. Bonta in trionfo U.S. RISM Libretto Project. Libretto by Jacopo Ferretti--New Grove. "La musica è del Sig. maestro Gioacchino Rossini"--p. 2. Singers' names not given. Contributor: Ferretti, Jacopo - Nella Stamperia Fantosini - Rossini, Gioacchino

Among the features of this guide to La Cenerentola, Philip Gossett throws new light on the remarkable story of the opera's composition, while Colin Graham, ENO producer, argues that it is the most sympathetic of all Rossini's comic masterpieces, and Mark Elder, ENO Music Director, shows how Rossini's musical style is exceptionally well suited to this enchanting story.Contents: Fairy tale and opera buffa: the genre of Rossini's 'La Cenerentola', Philip Gossett; 'La Cenerentola' - a musical commentary, Arthur Jacobs; 'Cinderella' in performance: I: A conversation with Mark Elder, II: A conversation with Colin Graham; La cenerentola: Libretto by Giacomo Ferretti; Ciderella: English translation by Arthur Jacobs

"Italian Literature before 1900 in English Translation provides the most complete record possible of texts from the early periods that have been translated into English, and published between 1929 and 2008. It lists works from all genres and subjects, and includes translations wherever they have appeared across the globe. In this annotated bibliography, Robin Healey covers over 5,200 distinct editions of pre-1900 Italian writings. Most entries are accompanied by useful notes providing information on authors, works, translators, and how the translations were received. Among the works by over 1,500 authors represented in this volume are hundreds of editions by Italy's most translated authors - Dante Alighieri, [Niccoláo] Machiavelli, and [Giovanni] Boccaccio - and other hundreds which represent the author's only English translation. A significant number of entries describe works originally published in Latin. Together with Healey's Twentieth-Century Italian Literature in English Translation, this volume makes comprehensive information on translations accessible for schools, libraries, and those interested in comparative literature."--Pub. desc.

First Published in 1994. Routledge is an imprint of Taylor & Francis, an informa company.

Although many opera dictionaries and encyclopedias are available, very few are devoted exclusively to operas in a single language. In this revised and expanded edition of Operas in English: A Dictionary, Margaret Ross Griffel brings up to date her original work on operas written specifically to an English text (including works both originally prepared in English, as well as English translations). Since its original publication in 1999, Griffel has added nearly 800 entries to the 4,300 from the original volume, covering the world of opera in the English language from 1634 through 2011. Listed alphabetically by letter, each opera entry includes alternative titles, if any; a full, descriptive title; the number of acts; the composer's name; the librettist's name, the original language of the libretto, and the original source of the text, with the source title; the date, place, and cast of the first performance; the date of composition, if it occurred substantially earlier than the premiere date; similar information for the first U.S. (including colonial) and British (i.e., in England, Scotland, or Wales) performances, where applicable; a brief plot summary; the main characters (names and vocal ranges, where known); some of the especially noteworthy numbers cited by name; comments on special musical problems, techniques, or other significant aspects; and other settings of the text, including non-English ones, and/or other operas involving the same story or characters (cross references are indicated by asterisks). Entries also include such information as first and critical editions of the score and libretto; a bibliography, ranging from scholarly studies to more informal journal articles and reviews; a discography; and information on video recordings. Griffel also includes four appendixes, a selective bibliography, and two indexes. The first appendix lists composers, their places and years of birth and death, and their operas included in the text as entries; the second does the same for librettists; the third records authors whose works inspired or were adapted for the librettos; and the fourth comprises a chronological listing of the A–Z entries, including as well as the date of first performance, the city of the premiere, the short title of the opera, and the composer. Griffel also include a main character index and an index of singers, conductors, producers, and other key figures.
