The London School of Hygiene & Tropical Medicine | LSHTM

The London School of Hygiene & Tropical Medicine is a public research university in Bloomsbury, Camden, and a constituent college of the University of London that specialises in public health and tropical medicine. On successful completion of their studies, its students gain a University of London degree. The institution was founded in 1899 by Sir Patrick Manson, after a donation from the Indian Parsi philanthropist B.D. Petit. Since its foundation it has become one of the
