A New York Times Notable Book and aSan Jose Mercury News Top 20 Nonfiction Book of 2003In 1606, approximately 105 British colonists sailed to America, seeking gold and a trade route to the Pacific. Instead, they found disease, hunger, and hostile natives. Ill prepared for such hardship, the men responded with incompetence and infighting; only the leadership of Captain John Smith averted doom for the first permanent English settlement in the New World.The Jamestown colony is one of the great survival stories of American history, and this book brings it fully to life for the first time. Drawing on extensive original documents, David A. Price paints intimate portraits of the major figures from the formidable monarch Chief Powhatan, to the resourceful but unpopular leader John Smith, to the spirited Pocahontas, who twice saved Smith ' s life. He also gives a rare balanced view of relations between the settlers and the natives and debunks popular myths about the colony. This is a superb work of history, reminding us of the horrors and heroism that marked the dawning of our nation.

Retells the events of the first permanent English settlement in the new world drawing on letters, chronicles, and records which depict daily experiences, and cites the contributions of John Smith, Pocahontas, and Chief Powhatan.

Retells the events of the first permanent English settlement in the new world drawing on letters, chronicles, and records which depict daily experiences, and cites the contributions of John Smith, Pocahontas, and Chief Powhatan.

Charts the turbulent history of Pixar Animation Studios in the context of the changing fortunes of computer animation, discussing the rocky early years, the volatile personal relationships involved, and the making of the studio's innovative films.

Traveling to the New World in 1606 as the page to Captain John Smith, twelve-year-old orphan Samuel Collier settles in the new colony of James Town, where he must quickly learn to distinguish between friend and foe. Reprint.

The definitive history of the Jamestown colony, the crucible of American history Although it was the first permanent English settlement in North America, Jamestown is too often overlooked in the writing of American history. Founded thirteen years before the Mayflower sailed, Jamestown's courageous settlers have been overshadowed ever since by the pilgrims of Plymouth. But as historian James Horn demonstrates in this vivid and meticulously researched account, Jamestown-not Plymouth-was the true crucible of American history. Jamestown introduced slavery into English-speaking North America; it became the first of England's colonies to adopt a representative government; and it was the site of the first white-Indian clashes over territorial expansion. A Land As God Made It offers the definitive account of the colony that give rise to America.

Camilla Townsend's stunning new book, Pocahontas and the Powhatan Dilemma, differs from all previous biographies of Pocahontas in capturing how similar seventeenth century Native Americans were--in the way they saw, understood, and struggled to control their world---not only to the invading British but to ourselves. Neither naï ve nor innocent, Indians like Pocahontas and her father, the powerful king Powhatan, confronted the vast might of the English with sophistication, diplomacy, and violence. Indeed, Pocahontas's life is a testament to the subtle intelligence that Native Americans, always aware of their material disadvantages, brought against the military power of the colonizing English. Resistance, espionage, collaboration, deception: Pocahontas's life is here shown as a road map to Native American strategies of defiance exercised in the face of overwhelming odds and in the hope for a semblance of independence worth the name. Townsend's Pocahontas emerges--as a young child on the banks of the Chesapeake, an influential noblewoman visiting a struggling Jamestown, an English gentlewoman in London--for the first time in three-dimensions; allowing us to see and sympathize with her people as never before.

The True Story of Pocahontas is the first public publication of the Powhatan perspective that has been maintained and passed down from generation to generation within the Mattaponi Tribe, and the first written history of Pocahontas by her own people.

He fought and beheaded three Turkish adversaries in duels. He was sold into slavery, then murdered his master to escape. He sailed under a pirate flag, was shipwrecked and marched to the gallows to be hanged, only to be reprieved at the eleventh hour. And all this happened before he was thirty years old. This is Captain John Smith ' s life. Everyone knows the story of Pocahontas, and how in 1607 she saved John Smith. And were it not for Smith ' s leadership, the Jamestown colony would surely have failed. Yet Smith was a far more ambitious explorer and soldier of fortune than these tales suggest — and a far more ambitious self-promoter, too. Now, in this first new major biography of Smith in decades, award-winning BBC filmmaker and author Peter Firstbrook traces the adventurer ' s astonishing exploits across three continents, testing Smith ' s own writings against the historical and geographical reality on the ground. With A Man Most Driven, Firstbrook delivers a riveting, enlightening dissection of this myth-making man, England ' s arrival on the world stage, and the creation of America.

The swashbuckling life of the Elizabethan explorer and colonial governor is vividly recounted in this historical biography. Captain John Smith is best remembered for his association with Pocahontas, but this was only a small part of an extraordinary life filled with danger and adventure. As a soldier, he fought the Turks in Eastern Europe, where he beheaded three Turkish adversaries in duels. He was sold into slavery, then murdered his master to escape. He sailed under a pirate flag, was shipwrecked, and marched to the gallows to be hanged, only to be reprieved at the eleventh hour. All this before he was thirty years old. Smith was one of the founders of Jamestown, the first permanent English settlement in America. He faced considerable danger from the Native Americans as well as from competing factions within the settlement itself. In the face of all this, Smith ' s leadership saved the settlement from failure.
