The Mises Institute is thrilled to bring back this popular guide to ridiculous economic policy from the ancient world to modern times. This outstanding history illustrates the utter futility of fighting

the market process through legislation. It always uses despotic measures to yield socially catastrophic results. It covers the ancient world, the Roman Republic and Empire, Medieval Europe, the first centuries of the U.S. and Canada, the French Revolution, the 19th century, World Wars I and II, the Nazis, the Soviets, postwar rent control, and the 1970s. It also includes a very helpful conclusion spelling out the theory of wage and price controls. This book is a treasure, and super entertaining!

This is the story of an Irish family from Cork Ireland. It documents how they survived in the 50's and 60's and will take you on a roller coaster ride of every emotion, sometimes all on the same page. Here you will read of an inspiring mother, always encouraging her six children to laugh at life, and believe in tomorrow. She did this inspiring while battling a domineering old grandmother, and an alcoholic husband, as her children drank tea from their jam jars, and read by a candle. Its a book filled with humor, drama, and dreams that come true, culminating in the author meeting his American dream. It's said the book is like, Irish Stew for the Soul. You will feel uplifted when you finish reading a book that seems to be everyone's story.

This book is primarily concerned with the classical music catalog of Mercury Living Presence recordings recorded and published by the Mercury Record Corporation. Mercury Records made some of the finest and most natural sounding audio recordings ever made, mostly of excellent and committed performances of classical music. But this is not a history of Mercury records or even of the Living Presence series of recordings. My main focus was to create a list of all the Mercury Living Presence classical records. I am mostly interested in the stereo recordings, but there are also many earlier mono recordings of great interest, too, so I have included those also. Specifically, what is included is information on the SR 90000 series of stereo recordings and the MG 50000 series of mono recordings, but there is also a listing of the Wing classical reissue series. ***** Decades ago, when I began collecting Mercury records, and years later when I started collecting the CDs, I was looking for a complete list of all the Mercury Living Presence records and later the CDs. Though I found some information that was helpful, to get what I wanted, I had to make the list myself. I started with lists of records on the record sleeves of the albums, got some information from The Absolute Sound! magazine, and in the internet age, found useful information on several internet sites, but mostly to get the list I wanted, I had to dig up the information and build it myself. Having completed the list, it occurred to me that other collectors might find it helpful, too. So I put together a group of databases and spreadsheets in Microsoft Excel and Microsoft Works database format files and issued the databases I had created on a CD-rom disc in early 2013. By that time I had all the original series of CDs mastered by Wilma Cozart Fine, and many of the records that had been reissued on CD, and virtually all of the stereo records not issued on CD, plus most of the mono records in which I had

a strong interest. Now it is available as a book. Among other things it includes the following lists: Complete Mercury Living Presence CDs, including every CD, with its track information, identifying Composer, title, soloist, conductor, orchestra, CD #, LP where originally published, and recording date. Complete Mercury Living Presence LPs including every LP with its track information identifying Composer, title, soloist, conductor, orchestra, LP #, CD on which it was reissued if any, and recording date. Different versions of the files are arranged by: Composer and Title, Recording Date, Record number, and CD number. There are also a listings of LPs and LP tracks that have not been reissued in the Mercury Living Presence CD series. Included are listings of all original Mercury Living Presence records in the SR 90000 and MG 50000 series, all CDs originally mastered by Wilma Cozart Fine, all SACDs, and the more recent reissues and new issues in the large 50+ CD box sets and the 10-CD box sets of Marcel Dupré and Janos Starker. There are also a few chapters of background information, little known facts, and other topics of interest. Hopefully readers will find it interesting and useful.

Root Beer Floats is a true story about growing up in small-town America during the 1950's. It captures the essence of the author's relationship to the beloved town of his youth during one of America's most exciting decades. From the day his father comes home after WWII, to the day he leaves the town in search of his future, he shares with us a colorful collection of his childhood memories. Brought up in a family that counted every penny, life was simple and sweet. We learn that at a young age, his love of root beer floats not only satisfies his overactive sweet tooth, but also leads him into a battle with temptation, a battle he loses all too easily. A few years later, he finds two warm beers on a hot summer night every bit as tempting. From the fine art of car-hopping on a snowy winter's day, to having his eye nearly "put out" in a walnut fight, his story portrays a childhood filled with delight and optimism, a dose of which should brighten the hearts of all who partake.

Living Beyond the Waves is a poetry collection unlike any other It contains poems that are part memoir and part journey towards acceptance. They are Wolf's attempt to find a life beyond disease or disability. The poems contained within deal with Wolf accepting all part of himself, even those he has no control over. They are a testament to the strength of the human spirit. The poems show us that whatever life throws at us, with courage anything is possible. With unflinching honesty, Wolf talks about disease, sexuality, physical

disability and the healing power of love.
