The Fixed Mindset - Flying Changes Coaching

Responding to critical feedback by working on what can be changed is also an example of a Growth Mindset. In contrast, the fixed mindset definition describes a state of mind that is rigid and limiting. When you're in a fixed mindset, you think that your intelligence can't be changed and that your talents are static.

Growth Mindset Vs Fixed Mindset: How To Change Your Mindset

A fixed mindset encourages stagnation and is resistant to change. But think of how important and beneficial change has been in your life thus far. What if you were still the person you were ten or twenty years ago? Can you think of anything in the past few decades that you've changed that has led to positive growth? Focus on those things if you ever find yourself being resistant to change.

9 Fixed Mindset vs Growth Mindset Examples to Change Your ...

In a fixed mindset, people believe their qualities are fixed traits and therefore cannot change. These people document their intelligence and talents rather than working to develop and improve them. They also believe that talent alone leads to success, and effort is not required. Alternatively, in a growth mindset, people have an underlying belief that their

learning and intelligence can grow with time and experience.
