*NightShade*

Cave nightshade is used in Herblore to make Weapon poison (++) along with poison ivy berries and coconut milk. This requires level 82 Herblore. Players can eat cave nightshade, but this is not recommended in most situations. When eaten, the player will say, "Ahhhh!

*Cave nightshade - OSRS Wiki*

In my opinion, Nightshade was a nice and steady read. I thought the world-building was unique and the heroine easily likeable. She's pretty, though and a little bit of a tomboy, so nothing new there, but nevertheless, I found myself liking her instantly. There are actually quite a few interesting characters in this book.
