COLLEVILLE-SUR-MER, France (AP) — When the sun rises over Omaha Beach, revealing vast ... by Allied soldiers on June 6, 1944, landing on the Nazi-occupied Normandy shore. Several ceremonies ...

Despite the beauty of Omaha Beach, a long stretch of sandy beach on the Pearl Coast, even the most ardent fan of sun and surf cannot help but feel moved upon seeing the cliffs of Omaha beach, the gravesite of 10,000 young GIs who disappeared one 6 June.

“This is probably the best book ever written about Omaha Beach.” --Bill Stone, Stone & Stone Second World War Books “Balkoski’s depiction of ‘Bloody Omaha’ is the literary accompaniment to the white-knuckle Omaha Beach scene that opens Steven Spielberg’s Saving Private Ryan.” -- John Hillen, New York Post In this unforgettable narrative of D-Day, Joseph Balkoski describes the minute-by-minute combat as it unfolded on Omaha Beach, allowing soldiers to speak for themselves as they recall their attempts to maneuver bombers through heavy cloud cover, the claustrophobic terror aboard transports, and the relentless fire that greeted them on the beach. Equal parts oral history and meticulous reconstruction, Omaha Beach is the closest the modern reader can get to experiencing the Normandy landings firsthand.

French Text In his moving autobiography, Heinrich Severloh recounts the largest amphibious landing operation in history. Severloh describes when the Allies, on D-Day, June 6, 1944, launched their dawn offensive on the Normandy coast against the Atlantic Wall with 7,000 ships and 13,000 aircraft. Severloh was positioned in his battle station on the fulcrum of 62 WN (Widerstandsnest 62), and for nine hours he fired his gun on the GI’s who were on the beach -over 2,000 of them will not return. In a ruthless and vividly told account, Severloh describes these dramatic hours during which 34,000 GIs landed in the sector called “Bloody Omaha,” and who collided with only 350 German soldiers, defending their posts defended fiercely. Severloh survived the deluge of fire during these events that were both terrifying and chaotic; memories of which would remain with him for the rest of his life. A large number of publications, as well as articles and television programs, have appeared throughout the years thanks to war historians, and have been immortalized under the name of Hein Severloh. Until the publication of this sad confession, the Americans did not know the name of the person who transformed their landing at Normandy into the horrific disaster that it was. In collaboration with Helmut Freiherr von Keusgen , a specialist in military history, WN62 provides not only an exciting and highly detailed description of the Normandy landing and events, but also a new perspective about the events of that tragic day. The relationship between the Germans and French are thus presented in a different light. Heinrich Severloh tells the unvarnished truth with poignancy, clearing the slate of once held prejudices.

The first volume of a new series dedicated to exploring iconic moments in World War II history, Omaha Beach on D-Day is a fresh and captivating new take on one of the most important moments in World War II: the Allied forces storming the beach at Normandy. The photograph at the heart of this book is Robert Capa’s world-famous shot of the Allied landing in 1944, and the authors of this remarkable work have gathered interviews, testimonials, contact sheets, and over forty pages of photographic archives from the Magnum Photos agency to fill in the history behind a single moment, captured forever on film.

The only complete listing in existence of all the Knight Cross holders of the Waffen SS. Includes all ranks and all persons whether they started their careers or finished them in the Waffen SS.
