Christian is the term given to followers of Jesus Christ in the first century A.D. (Acts 11:26). The term evangelical comes from the Greek word that means "good news." Evangelism is sharing the good news of the salvation that is available through Jesus Christ. An evangelical, then, is a person dedicated to promoting the good news about Jesus Christ.

Foundational to believers' salvation is their union with Christ. In this accessible introduction, Johnson argues that this neglected doctrine is the lens through which all other facets of salvation in the New Testament should be understood.

Man and Woman, One in Christ demonstrates that careful exegesis of Paul's letters affirms the full equality of men and women in the church and in the home. Exploring the entire Pauline corpus, Philip Barton Payne injects crucial insights and cultural backgrounds into the discussion of Paul's statements regarding women.*

Many contemporary theologians claim that the classical picture of God painted by Augustine and Aquinas is both outmoded and unbiblical. But rather than abandoning the traditional view completely, John Feinberg seeks a reconstructed model—one that reflects the ongoing advances in human understanding of God's revelation while recognizing the unchanging nature of God and His Word. Feinberg begins by exploring the contemporary concepts of God, particularly the openness and process views, and then studies God's being, nature, and acts—all to articulate a mediating understanding of God not just as the King, but the King who cares! Part of the Foundations of Evangelical Theology series.

Mark Noll has written a major indictment of American evangelicalism. Reading this book, one wonders if the evangelical movement has pandered so much to American culture and tried to be so popular only to lose not only it's mind but it's soul as well. For evangelical pastors and parishoners alike, this is a must read! --Robert Wuthnow.

It's the defining reality of all existence, the central fact of human history, and the heart of the Christian faith: God became a man and lived among us. More than just part of the Christmas story, the doctrine of the incarnation radically affects our understanding of God, humanity, life, death, and salvation. In The Incarnation of God, theology professors John Clark and Marcus Johnson explore this foundational Christian confession, examining its implications for the church's knowledge and worship of God. Grounded in Scripture and informed by church history, this book will help Christians rediscover the inestimable significance of the truth that the Son of God became what we are without ceasing to be the eternal God—the greatest mystery of the universe.

NEW YORK TIMES BESTSELLER The "paradigm-influencing" book (Christianity Today) that is fundamentally transforming our understanding of white evangelicalism in America. Jesus and John Wayne is a sweeping, revisionist history of the last seventy-five years of white evangelicalism, revealing how evangelicals have worked to replace the Jesus of the Gospels with an idol of rugged masculinity and Christian nationalism—or in the words of one modern chaplain, with "a spiritual badass." As acclaimed scholar Kristin Du Mez explains, the key to understanding this transformation is to recognize the centrality of popular culture in contemporary American evangelicalism. Many of today's evangelicals might not be theologically astute, but they know their VeggieTales, they've read John Eldredge's Wild at Heart, and they learned about purity before they learned about sex—and they have a silver ring to prove it. Evangelical books, films, music, clothing, and merchandise shape the beliefs of millions. And evangelical culture is teeming with muscular heroes—mythical warriors and rugged soldiers, men like Oliver North, Ronald Reagan, Mel Gibson, and the Duck Dynasty clan, who assert white masculine power in defense of "Christian America." Chief among these evangelical legends is John Wayne, an icon of a lost time when men were uncowed by political correctness, unafraid to tell it like it was, and did what needed to be done. Challenging the commonly held assumption that the "moral majority" backed Donald Trump in 2016 and 2020 for purely pragmatic reasons, Du Mez reveals that Trump in fact represented the fulfillment, rather than the betrayal, of white evangelicals' most deeply held values: patriarchy, authoritarian rule, aggressive foreign policy, fear of Islam, ambivalence toward #MeToo, and opposition to Black Lives Matter and the LGBTQ community. A much-needed reexamination of perhaps the most influential subculture in this country, Jesus and John Wayne shows that, far from adhering to biblical principles, modern white evangelicals have remade their faith, with enduring consequences for all Americans.

An introductory textbook on Christian approaches to other world faiths.

One of the most elite educational institutions in the world, the Air Force Academy has, from its inception, attracted the best and the brightest, producing leaders not only in the military but throughout American society. In recent years, however, the Academy has also been producing a cadre of zealous evangelical Christians intent on creating a fundamentalist power base at the highest levels of our country. With God on Our Side is shocking exposé of life inside the United States Air Force Academy and the systematic program of indoctrination sanctioned, coordinated, and carried out by fundamentalist Christians within the U.S. military. It is also the story of Michael L. Weinstein, a proud Academy graduate and the father of two graduates and a current cadet, who single-handedly brought to light the evangelicals' utter disregard of the constitutional principle of separation of church and state that is so essential to the nation's military mission. Weinstein's war would pit him and his small band of fellow graduates, cadets, and concerned citizens against a program of Christian fundamentalist indoctrination that could transform our fighting men and women into "right-thinking" warriors more befitting a theocracy. In the process, he would come face to face with religious bigotry and at its most extreme and fight an unrelenting battle to save his beloved Academy, the ideals it stood for, and the very future of the country. An important book at a critical time in our nation's history, With God on Our Side is the story of one man's courageous struggle to thwart a creeping evangelism permeating America's military and to prevent a taxpayer-funded theocracy in which only the true believers have power.

Jesus Christ promised a unity for his church. Are there now clear evidences of that within evangelicalism? Or are evangelicals fragmenting into ever smaller divisions?Renowned theologians J. I. Packer and Thomas C. Oden make the case that there is a significant theological consensus holding the evangelical church together. With copious citations from statements produced since 1950 that are widely representative of international evangelical faith, Packer and Oden let these witnesses speak for themselves Packer and Oden survey several key documents of evangelicalism, particularly the Lausanne Covenant (1974), the Manila Manifesto (1989), The Gospel of Jesus Christ: An Evangelical Celebration (1999) and The Amsterdam Declaration (2000). Charting sixteen different theological themes, they also include references to numerous documents produced by evangelical theological seminaries and societies, mission agencies, parachurch organizations and assorted special convocations. More than informational, One Faith arises out of the hope that it may not only edify the evangelical church but also provide a potential foundation for a new ecumenism that gives glory to the God of our Lord Jesus Christ according to the good news of his gospel.

Rabbi or Messiah? Prophet or the Son of God? People have debated the identity of Jesus of Nazareth since the first century. But what if there was no Jesus? What if there was no Mary or Joseph, no twelve apostles? What if the story of Jesus was no more than a myth to convey spiritual truth? These claims have been around for hundreds of years and have become more prominent with well-known religion columnist Tom Harpur's recent book, The Pagan Christ. Harpur claims that Jesus was not a historical figure, but was one version of an ancient myth that can be traced from ancient Egyptian religion to the Roman mystery cults. Stanley Porter and Stephen Bedard tackle this radical claim by looking at the roots of the "pagan Christ idea," examining the supposed pagan parallels and presenting the evidence for the historical Jesus. The authors demonstrate that the suggestion of pagan origins for the Gospel story is not based on historical or textual evidence, but rather on a desire to create a universalistic spirituality revolving around a "Cosmic Christ" within each person. A fair examination of both the mythological and biblical texts reveal that the traditional understanding of an actual historical figure known as Jesus of Nazareth appearing two thousand years ago is indeed the only logical conclusion. Stanley E. Porter is President and Dean, and Professor of New Testament at McMaster Divinity College, Hamilton, Ontario, Canada. Porter has M.A. degrees from Claremont Graduate School and Trinity Evangelical Divinity School, and the Ph.D. from the University of Sheffield. He has written widely on issues of concern in study of the New Testament, such as Jesus, Paul, the book of Acts, and John. He has a passion for education in the church, and preaches and teaches regularly. Stephen J. Bedard is the pastor of Woodford Baptist Church and First Baptist Church, Meaford, Ontario, Canada. He holds the M.Div. and M.Th. degrees from McMaster Divinity College, and is actively engaged in further graduate study. Bedard is an advocate of informed preaching and teaching, and is devoted to the ministry of the local church.
