Exposes how a combination of academic naiveté , negligence by regulatory authorities, and irresponsible interference by vested interests has created a public health crisis of chemical brain drain. Only One Chance: How Environmental Pollution Impairs Brain Development -- and How to Protect the Brains of the Next Generation. Philippe Grandjean.

Only One Chance - Philippe Grandjean - Oxford University Press
Philippe Grandjean writes, with a lifetime of research and study behind him, what we've all suspected for some time, that even small traces of industrial toxins in the environment are depriving future generations, at a time when their growing brains are most vulnerable in the womb or as young children, of their "Only One Chance" to develop a healthy, fully functioning brain.
