You're likely familiar with the old tale about how Steve Jobs was ousted from Apple and started his own company, NeXT. Apple then bought NeXT and their technologies and brought Jobs back as CEO ...

### BeOS: The Alternate Universe's Mac OS X

In all European armies, more men are sacrificed by disease, than by the sword; and the laurel is at least as often withered on the hero's brow by the pestilent blast of contagion, as torn from it by ...
