Dan has made it his business to delve into punctuation, and we are all the wiser for the impressive and exciting writing about the subject that he has done in this book. - Carl Anderson Author of *How's It Going?* and *Assessing Writers* In all the books I've read about written language, Dan's is the first to explore the mind's ear.... He has actually changed the way I read as well as write. How lucky we are to (finally) have an intellectually engaging exploration of what we have too long considered drudgery.... When you consider Dan's approach, you'll wonder how you ever taught another way. - Ellin Oliver Keene Coauthor of *Mosaic of Thought*, Second Edition, and author of *To Understand Get ready to be taken by the hand by a master teacher who will show you how to teach*

# Acces PDF Practical Punctuation Lessons On Rule

students the rules of punctuation in clearly defined lessons. From the first page I was eager to take this book to my own

teaching. - Mary Ehrenworth Author of The Power of Grammar Punctuation is important. Period. Good writers know the rules, but skilled punctuators don't simply go by the conventions. They use punctuation to make meaning. Practical Punctuation shows you how to help students discover the relationship between punctuation and meaning - and how they can use it to improve their writing.

Practical Punctuation's strategies help writers connect periods, commas, and dashes to mood, emphasis, and rhythm. Dan Feigelson's ready-to-use lessons provide opportunities to: show students the purposes of punctuation before teaching them the rules give writers chances to experiment with punctuating model the thinking that goes into punctuating teach

# Acces PDF Practical Punctuation Lessons On Rule Making And Rule Breaking In Elementary Writing

conventions explicitly, but not absolutely hold students accountable for punctuation in formal writing. Feigelson's lessons are highly structured. They demonstrate how to teach punctuation as a craft tool with writers of varying sophistication or age:

- beginners: ending punctuation
- intermediate-stage writers: the comma
- advanced writers: internal punctuation and cadence.

Feigelson includes a handy teacher's reference guide to punctuation as well as grade-by-grade guidelines that make assessing punctuation simpler. And his interviews with world-renowned authors will help you and your writers better understand the power punctuation has to impart meaning. Read *Practical Punctuation* and help students make choices with punctuation - instead of letting punctuation rules make choices for them.

This book is a collaborative, not isolated, approach to teaching writing. The book is organized around six fundamental components of writing workshop. Each component is broken down into ten-day sections so you can explore the topic in depth. The authors provide daily encouragement, support, practical strategies, tips, advice, and everything you need to run an effective writing workshop.--[book cover]

Foreword by Lester Laminack How do you choose mentor texts for your students? How do you mine them for the craft lessons you want your students to learn? In *Craft Moves*, Stacey Shubitz, cofounder of the Two Writing Teachers website, does the heavy lifting for you: using twenty recently published picture books, she creates more than 180 lessons to teach various craft moves that will help your

# Acces PDF Practical Punction Lessons On Rule

students become better writers. Stacey first discusses picture books as teaching tools and offers ways to integrate them into your curriculum, and classroom discussions.

She also shares routines and classroom procedures to help students focus on their writing during the independent writing portion of writing workshop and helps teachers prepare for small-group instruction. Each of the 184 lessons in the book includes a publisher's summary, a rationale or explanation of the craft move demonstrated in the book, and a procedure that takes teachers and students back into the mentor text to deepen their understanding of the selected craft move.

A step-by-step guide demonstrates how to analyze a picture book for multiple craft moves. Using picture books as mentor texts will help your students not only read as writers and write with joy but also become writers who can effectively

# Acces PDF Practical Punction Lessons On Rule Making And Rule Breaking In Elementary Writing

communicate meaning, structure their writing, write with detail, and give their writing their own unique voice.

The Teacher's Guide includes standards-based lessons, scoring rubrics, examples of corrected practice tests, and complete background information.

Stacey Shubitz and Lynne Dorfman warmly welcome you to experience writing workshop for the first time or in a new light with Welcome to Writing Workshop. Through strategic routines, tips, resources, and short focused video clips, teachers can create the sights and sounds of a thriving writing workshop where:

- \* both students and teachers are working authors
- \* students spend most of their time writing--not just learning about it
- \* student choice is encouraged to help create engaged writers, not compliant ones

# Acces PDF Practical Punction Lessons On Rule

\* students are part of the formative assessment process \* students will look forward to writing time--not dread it. From explanations of writing process and writing traits to small-group strategy lessons and minilessons, this book will provide the know-how to feel confident and comfortable in the teaching of writers.

"With Pyrotechnics on the Page, Ralph is poised to teach so many of us once again in a whole new way, and we're going to have a grand ol' time learning what he wants to teach us about playing with language."-from the foreword by katie Wood Ray Writers in every field play with words each time they sit down at their desks. In his newest book, Ralph Fletcher

# Acces PDF Practical Punction Lessons On Rule

demonstrates how playful craft can energize student writing and breathe new energy into the writing workshop.

Pyrotechnics on the Page is vintage Fletcher: personal, anecdotal, and practical. It represents the latest chapter in Ralph's efforts to widen the circle in the writing classroom, make it a more engaging place for student writers, and, in the process, lift the quality of their writing.
