There are three primary places to stay when RVing: RV parks, campgrounds, and boondocking locations. RV parks and campgrounds, including resorts, are the easiest places to book ahead of time for your motorhome or trailer. Book early to save money and ensure you have a place to park for the duration of your trip.

As a guide, as long as you plan and budget carefully, and make a good RV purchasing decision, it's possible to RV full-time for about \$2,000-\$3,000 per month. Some do it for less, and others do it for way more. But across the board, we find most RVers end up spending about the same in their RV life as they did in their regular life.

RVs are powered in three main ways: shore power (city power), generators, and solar power. Many travelers choose to use a combination of some or all of these. Shore power is most commonly used at established campgrounds while generators and solar are great solutions for boondocking and dispersed camping.
