In about a month my new book, Stem Cells: An Insider's Guide, should be available as an e-book from the publisher and from Amazon. It's available for pre-order now at Amazon here. The "real" book (i.e. the one made of paper) should be available in September. The book costs \$29. Any writers out there interested in doing a review please contact me. As I've said before, I wrote this ...
