Also in 1987 one of the fastest most powerful ATV's ever made was introduced by Suzuki. They called it by LT500 but it quickly earned the nickname "quadzilla" due to the immense power coming from the 500cc Two Stroke engine the size of the quad itself.

~~A Look Back At Quadzilla, The Fastest Stock Quad Ever Built~~

The Quadracer 500 was available from Suzuki in 1987, 1988, 1989 and 1990. It was produced for only four years, so you can say these legendary machines are rare. However, it's also the kind of machine that hard core ATV riders seek out and restore. We love how so many Quadzillas are kept in good shape and still ridden regularly.

~~1987 Suzuki Quadzilla Lt500r~~

1987 Suzuki Quadracer 500, Hard to find and fast, VERY FAST! The 87's have more power than any others model because they have the 6-bolt heads with the big reed 5-bolt intakes. This one has been ridden for sure but it's been a long time. I'm the second owner, and it's in decent condition (garaged) and has all original parts.

~~1987-1990 Suzuki QuadRacer LT500R Quadzilla Service Manual ...~~

The Quadzilla was offered only during the 1987 through 1990 model years. This fact makes it difficult to acquire a Quadzilla from the used market, and very difficult to find one in new condition. The 1987 Quadzilla product was known as the "H" model, 1988 was "J", 1989 was "K", and in 1990 it was "L".

~~LT500 (Quadzilla) details and specs~~

Suzuki's LT500R is the stuff of ATV legends. Think a four-stroke 450 is fast? Imagine the performance potential of a 500cc, liquid-cooled, power-valved two-stroke! Most of today's riders can't even comprehend what a machine like that would be like, but Suzuki offered the mighty 500 from 1987 to 1990.
