How to balance the five flavour elements Balancing flavour is both a science and an art, based on professional training, intuition and experience. Here’s an introduction to balancing the five key flavours in your cooking. Sweet, salty, sour, bitter and umami are five taste elements that build our overall perception of flavour.

### How to balance the five flavour elements - Le Cordon Bleu

Consider setting limits on the number of activities each child can participate in before the school year starts. Many families limit each child to three activities-one artistic, one athletic, and one social. Doe encourages families to create more balanced lives based on their own values.
