The day of my best friend's wedding, I'm the one rocking the strapless red taffeta and chef's apron ensemble, running on zero sleep. Being both the event caterer and a bridesmaid is crazy, I know. But, I'm a pro. This is my seventh wedding after all--as bridesmaid, that is. Pretty sure that's some kind of town record. Still, no amount of my trademark meticulous planning could've possibly prepared me to see him again. The prodigal Doctor Dreamy himself, Mason Stewart. My first (and only) love who disappeared without a word literally the day after proposing to me. What the heck is he doing back in Bliss River? And how is it at all fair that he looks this good? Also, holy crap, why is he coming this way? * * * There she is. Somehow even more beautiful than I remember. This overdue apology is one I've rehearsed since the day I left, pulverized by my own family, positive I'd never be good enough for the only girl I've ever loved. Took a lot of both time and therapy, but I finally managed to fix what they broke. And now I'm here to repair what I broke. I know Lark. She'll see this second chance I'm hoping for as a no-strings fling so we can each get closure and move on. Right. Like it's just that easy. You don't move on from a woman like Lark. And I'm pretty sure a clothing-optional arrangement will make that feat infinitely more impossible. Still, it's a start--a way for Lark to see the man I've become. A man who isn't looking for a fling, but rather, matching rings, kids, the whole nine yards. Previously titled Dating Dr. Dreamy. Same swoony, feel-good story, just with a fresh title and cover makeover. 2The Bliss River Series - Falling for the Fling (Lark & Mason) - Falling for the Ex (Aria & Nash) - Falling for the Bad Boy (Melody & Nick)

Left stranded at the altar by her fiancT, Patti decides to join her cousin Kate on a fun-filled trip--which should have been her honeymoon--to Hawaii, where they meet former showgirl Cherry Jubilee, who decides to give the two cousins a lesson in dealing with men. Original.

I have a crush on my boss' best friend. At least it's not my brother's best friend. Or my best friend's brother. Or... never mind. It's all pretty cliché. And worse? My boss' best friend is his business partner. Which sort of makes him my boss too. Okay - it's not sort of. It's definite. Gabe Laurent is off limits. Totally off limits. Which is fine. I make do with my imagination. He'll never know. Ever. Unless my work bestie passes me an eighties-style teen movie sex quiz during a meeting and I fill it out. And it ends up in Gabe's hands...

Harley left LA behind a long time ago. There are just too many bad memories there. But when she hears of her father's death, it's the only thing that could bring her back to town. Once a tough, kick-ass biker girl, now she's bought a Prius and dresses in conservative gear. The only reminders of her youth are the angel wings tattooed right across her back. So now here she is, crossing into the city limits, with the hope of staying just long enough to settle her father's affairs and getting the hell back out of town. Cooper and AJ were hell on two wheels, bad boys through and through, and the last people Harley needed to be around. But that wasn't what drove her away. It was what she'd seen them doing, and what she knew she'd never be to them. It was also because she never knew how could she possibly love two guys at the same time, especially these two guys. But waiting in LA are two sinfully hot men, her old motorcycle, and a tougher, biker version of herself she thought she'd never be again. Cooper and AJ have been waiting for her, longing for her. They're not the bad boys they used to be. Now they're grown men. Things are about to get hot, and fast. Will Harley be able to keep up?

Tor My life was mapped out and planned to perfection. I knew exactly what I wanted and where I was going, until I was thrust into his world and ripped from mine. In the blink of an eye everything shattered, proving to be nothing more than a cheap illusion. Now I'm living in this twisted form of hell, where enemies and friends are one and the same. I thought I wanted perfection. Now I don't know what I want - perhaps not even my own freedom. Jude I'm the definition of wrong. I'm violent, I'm greedy, and I stop at nothing to win. I'm a notorious bookie and in my game paying with your life is not just a figure of speech. You lose, I collect. I take whatever you have. She's collateral for a debt, and if that debt's not paid someone will die. This should be just business, so why can't I kill her? Everything is not always as it seems. Lust. Blood. Lies. Nothing this wrong should feel so right.
