Knox Coal Mine Disaster
West Virginia Mining Disaster - SURVIVORS*The Knox Mine Disaster The*
The Knox Mine disaster was a mining accident on January 22, 1959, at the River Slope Mine in Jenkins Township, Pennsylvania. The disaster occurred when workers were ordered to dig illegally under the Susquehanna River without proper safety precautions, creating a hole in the riverbed which caused the river to flood into the many interconnected mine galleries in the Wyoming Valley between the right-bank town of Exeter, Pennsylvania, and the left-bank town of Port Griffith in Jenkins Township, nea

Knox Mine disaster - Wikipedia

One cold morning on January 22, 1959 the belly of the Susquehanna River broke into the Knox mine, trapping 81 men underground. The cave-in causes a giant, 150ft whirlpool to form in the ice laden river above, flooding the mines below. With all known exits cut off miners scramble to find an alternative route out and escape a cold, dark, death.

The Knox Mine Disaster Documentary Film

By Lauren Berger, David Brocca. Near the entrance of the River Slope Mine this stone commemorates the twelve miners who died in 1959. On January 22, 1959 a tragedy so corrupt and catastrophic occurred at the River Slope mine in Port Griffith, Pennsylvania that it changed the future of the Anthracite coal industry forever: The Susquehanna River had ruptured the mine.

Death Underground: The Knox Mine Disaster | Pennsylvania ...

When: January 22 1959. Where: Jenkins Township, Greater Pittston, Luzerne County, Pennsylvania, USA. Death toll: 12 died (though no bodies were recovered) and 69 escaped. You should know: The Knox mine disaster may have been the Pittston area's most unusual mining disaster, but it wasn't the worst by quite some way.

Knox Mine Disaster - 1959 | Devastating Disasters

The Knox Mine Disaster is also a crime movie, as the Broccas trace the chain of investigations and corruption hearings that followed the miners' deaths. The plot thickens as court footage reveals the role of organized crime and racketeering, following from low-level managers like Fries and Rececki all the way to the mine's ultimate owners - including August J. Lippi, who secretly held stock in the company while also running the local miners' union, and John Scialdra, whose brother-in ...
