Social Intelligence (SI) is the ability to get along well with others, and to get them to cooperate with you. Sometimes referred to simplistically as "people skills," SI includes an awareness of situations and the social dynamics that govern them, and a knowledge of interaction styles and strategies that can help a person achieve his or her objectives in dealing with others.

Last year, I read a book called: Social Intelligence by Daniel Goleman. A Harvard educated PhD, Goleman wrote the best-selling book, Emotional Intelligence, about how leaders can build their EQ even if they cant grow their IQ. This book takes the subject a step further, and talks about how effective leaders understand connections with people can make or break any given situation.

Emotional Intelligence, a different way of being smart, is a key to high performance at all levels, particularly for outstanding leadership. Emotional Intelligence is the capacity to recognize our own feelings and those of others, and to manage emotions effectively in ourselves and our relationships.

~~Emotional and Social Intelligence

and failures in social settings. It is more commonly referred to as "tact", "common sense", or "street smarts". Social scientist Ross Honeywill believes social intelligence is an aggregated measure of self- and social-awareness, evolved social beliefs and attitudes, and a capacity and appetite to manage complex social change. Psychologist, Nic

## ~~Social intelligence~~—Wikipedia

Goleman explains the surprising accuracy of first impressions, the basis of charisma and emotional power, the complexity of sexual attraction, and how we detect lies. He describes the "dark side" of social intelligence, from narcissism to Machiavellianism and psychopathy.
