His career in the Royal Navy in tatters and his happiness destroyed, Commander Kydd is sent to Guernsey in disgrace. Consigned to a quiet backwater guarding the Channel Islands, he despairs. Will he ever escape this exile?

The Thomas Kydd novels are the story of one man?s journey from pressed man to Admiral during the Great Age of Fighting Sail. Command: Thrilled at his first command, a little brig sloop called Teazer, Thomas Kydd must race to bring his ship to battle readiness - he is desperately needed to defend Malta against Barbary corsairs, ferocious privateers and the French. The Admiral's Daughter: Tensions are escalating again between England and France. Meanwhile the beautiful and determined admiral's daughter could be the key to realising all Kydd's hopes and ambitions. Treachery: Rescued from despair by his close friend, Renzi, Kydd finds life increasingly difficult when he is framed and dismissed from his ship. Kydd accepts the captaincy of a privateer, but will risk all for revenge and restoration.

Taking up where the author's book Of Modern Dragons (2007) left off, these essays continue Lennard's investigation of the praxis of serial reading and the best genre fiction of recent decades, including work by Bill James, Walter Mosley, Lois McMaster Bujold, and Ursula K. Le Guin. There are groundbreaking studies of contemporary paranormal romance, and of Hornblower's transition to space, while the final essay deals with the phenomenon and explosive growth of fanfiction, and with the increasingly empowered status of the reader in a digital world. There is an extensive bibliography of genre and critical work, with eight illustrations and many hyperlinks.

From internationally bestselling author Julian Stockwell comes a dramatic story closely based on real events following one man's journey as he becomes a true sailor and defender of Britain. Europe is ablaze with war. The British prime minister is under pressure to intimidate the French and dispatches a Navy squadron to appear off the French coast. To man the ships, ordinary citizens must be press-ganged. Thomas Paine Kydd, a young wig-maker from Guildford, is seized and taken across the country to be part of the crew of the ninety-eight-gun line-of-battle ship Duke William. The ship sails immediately and Kydd has to learn the harsh realities of shipboard life fast. Despite all he goes through, amid dangers of tempest and battle, he comes to admire the skills and courage of his fellow seamen, taking up the challenge himself to become a true sailor and defender of Britain at war. Kydd launches a masterly writing talent and is the first installment of a thrilling new series. Based on dramatic real events, it is classic storytelling at its best, rich with action, exceptional characters, and a page-turning narrative.

'Stockwin creates a knotty narrative, writing with authority about Britain's Georgian navy and the physical world at sea with intrigue, captivating characters, and deft storytelling. Thunderer is a suspenseful journey' Quarterdeck 1812. Arriving back in England after his successes in the Adriatic, Captain Sir Thomas Kydd is bestowed with honours. In London he's greeted by the Prince Regent who, despite Kydd's protestations that he's happy with his present command, insists he be given a bigger ship - HMS Thunderer, a 74-gun ship of the line. But she's old, and being part of a standing fleet Kydd's chances of further fame and distinction are slim indeed. Winning over his new command is fraught with challenges. A hostile crew, abysmal levels of gunnery and sail-handling capabilities are intolerable to a fighting captain like Kydd. With the ship short of men and no incentives to attract more, can he ever bring Thunderer to a proper state of fighting preparedness? Kydd is sent to reinforce the Baltic squadron as Bonaparte's vast army invades Russia. News reaches him of French victory at the Battle of Borodino. The road to Moscow is now open. To avert total French victory, Kydd must lead a vital convoy through battle and tempest to the aid of Britain's last ally. Praise for Julian Stockwin's Kydd series 'Paints a vivid picture of life aboard the mighty ship-of-the-line' Daily Express 'This heady adventure blends fact and fiction in rich, authoritative detail' Nautical Magazine 'Fans of fast-paced adventure will get their fill with this book' Historical Naval Society

Internationally bestselling author Julian Stockwin's seafaring hero, young Thomas Kydd, comes of age in this epic naval adventure set in the Great Age of Sail. Writing in the sweeping tradition of Patrick O'Brian and C. S. Forester, acclaimed author Julian Stockwin continues the saga of Seaman Thomas Paine Kydd as he moves up the ranks of the Napoleonic-era British navy. The year is 1794. Kydd and the other shipwrecked sailors have returned to England for the court-martial of the sole surviving officer of Her Majesty's frigate Artemis. Kydd was on duty the thirteenth of April as quartermaster of the starboard watch. He knows what happened that dreadful night. His evidence can destroy an officer's career. Kydd is devastated by the loss of his ship, and he's shocked when he's not allowed to tell the court his story. Instead, Kydd and his good friend Nicholas Renzi are forcibly shipped off to the Caribbean. After many lonely months at sea, they don't even have a chance to go ashore to see family and friends. New adventures await, however, as both Kydd, a man of humble origins gradually rising through the ranks, and Renzi, whose exalted family heritage remains a tantalizing mystery, discover the pleasures and hazards of a lush new land. The journey will take Kydd from a dockyard in Antigua to a life-and-death struggle on the high seas aboard the plucky naval cutter Seaflower. While war between England and Revolution-torn France escalates, Kydd's mettle under fire -- as a sailor and a man -- receives the ultimate test. Set at the dawn of a new century, Seaflower gives us the primal forces of nature at sea where they are at their most untamed and exhilarating. This is classic storytelling at its powerful best.

In ancient Scotland, a tyrannical new lord of the herd plans complete dominion over the animal world, but deer lore promises a hero, who has a unique bond with all creatures, including man, and who will ignite an epic battle and free the herd forever. An ALA Best Book for Young Adults. Reprint.

In the eighth book of this popular series, Thomas Kydd and Nicholas Renzi return to England in 1803 after tumultuous episodes on the other side of the world to find England in peril of starvation and bankruptcy. Kydd is placed back in command of his beloved vessel, Teazer, but he barely has time to prep her for the sea when he is sent on an urgent mission. Smugglers, enemy privateers, and treacherous sea conditions await Kydd on his journey to northern France on the eve of war, but equally worrisome events are occurring ashore. A growing attachment to the admiral's daughter curbs Kydd's blissful reunion with Teazer and he is forced to make a terrible decision that may cause the end of his friendship with Renzi—or the end of his naval career.

Thomas Kydd was promoted to acting lieutenant at the bloody Battle of Camperdown in October 1797. Now, he must sit an examination to confirm his rank - or face an inglorious return before the mast. But this is only the first of many obstacles for a man who was pressed into the King's Service and discovered a calling for the sea. Kydd is from humble origins, yet he attains the lofty heights of the quarterdeck as an officer in His Majesty's Navy. If he is to avoid spending the rest of his career as a tarpaulin officer, he must also become a gentleman. Kydd and his enigmatic friend Nicholas Renzi set sail in HMS Tenacious for the North American station. Aboard the old 64-gun ship, Kydd comes to doubt he will ever match up to the high-born gentlemen officers. The frontier town of Halifax, which is also home to a British prince of the blood, provides a welcome diversion. Meanwhile, the young United States is in dispute with revolutionary France, the Quasi War, and Kydd finds himself in the USS Constellation in the heady days of the birth of the American Navy. On his return to Halifax, Kydd surmounts more hurdles, both personal and professional - will he ever see himself as truly one of a band of brothers?
