The Art of Thought: Amazon.co.uk: Wallas, Graham: Books by, Graham Wallas. 4.34 · Rating details · 47 ratings · 3 reviews. The Art of Thought, originally published in 1926, was the first work to give a clear, inspiring, and authoritative exposition of the process of reasoning, in language adapted to the general reader as well as the student of psychology. It established itself as a standard guide to the mechanism of thought, and its message remains of essential value to a world confronted with.

1926 Graham Wallas: "The Art of Thought". Published by Jonathan Cape. Now available free online. After the previous books, the world had the Jewish coup of the Fed in the USA, and the Jewish coup in Russia. And of course the 'Great War'. Wallas' book is not quite a think-for-yourself book; it's rather more a guide to what to think, something like a literary version of the language and attitudes of BBC radio and films.

Graham Wallas: The Art of Thought — big-his.org

In 1926, thirteen years before James Webb Young's Technique for Producing Ideas and more than three decades before Arthur Koestler's seminal 'bisociation' theory of how creativity works, English social psychologist and London School of Economics co-founder Graham Wallas, sixty-eight at the time, penned The Art of Thought — an insightful theory outlining the four stages of the creative process, based both on his own empirical observations and on the accounts of famous inventors and polymaths.
