Las narrativas transmedia, el consumo en dispositivos móviles, la gamificación, las llamadas «segundas pantallas», la implicación con redes 2.0 y la audiencia social representan un reto, pero también ofrecen enormes posibilidades para los creadores de contenidos audiovisuales. El concepto de televisión basada en el broadcasting cede su protagonismo a los contenidos con implicación en social media y concepción transmedia. Este libro nos acerca a las nuevas rutinas productivas y al diseño de estrategias acordes con este nuevo paradigma comunicativo, y lo hace combinando los referentes académicos con aportaciones directas de la industria de la comunicación y el análisis de casos de éxito para ofrecer a los lectores la posibilidad de comprender en qué medida está cambiando el audiovisual, los espectadores y las dinámicas sociales en torno a la televisión.

"We cannot change the cards we are dealt, just how we play the hand."--Randy Pausch A lot of professors give talks titled "The Last Lecture." Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave--"Really Achieving Your Childhood Dreams"--wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because "time is all you have...and you may find one day that you have less than you think"). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.
